Since 1932, American Sanitary Partition Corporation is the accepted standard among many architects and contractors across the nation. Along with toilet compartments, we also produce complete lines of shower cabinets.

American Sanitary's partitions provide the comfort and convenience that are important with today's fast-paced lifestyle. With our many years of experience in the toilet partition industry, our products offer more advantages and beauty than any other materials used to date. Our design is developed from our metal partition line, incorporating all the features required to produce a sound, rigid and lasting installation. The partitions are available in a wide variety of appealing colors and patterns, and will delight the architect and decorator with their beauty and durability.
